ಶ್ರೀ ಬಿ. ಡಿ. ಜತ್ತಿ.—ಆ ರೀತಿ ಏನು ಮಾಡಿಲ್ಲ. ಅಂಥಾ ನಿದರ್ಶನಗಳಿದ್ದರೆ ನನ್ನ ಗಮನಕ್ಕೆ ತರಲಿ. ನೂಕ್ಕ ಕ್ರಮ ಕೈಗೊಳ್ಳಲಾಗುತ್ತದೆ.

Sri DANAPPA.—Is it the policy of the Government to provide lands for grazing purpose instead of providing lands to the landless people ?

Sri B. D. JATTI.—If you want to cultivate lands as farmers, then it is necessary to keep in reserve some lands for grazing of cattle. After keeping such lands in reserve for cattle, the remaining lands will be distributed to the farmers.

Sri J. P. SARVESH.—Is the Government aware that there are some Harijans who are cultivating lands for the past 20 years or 10 years. There are orders also of Government that pattas should be issued in their favour. But instead of issuing pattas, penalty is being collected from them?

Sri B. D. JATTI.—If there are such cases, they will be examined.

ಶ್ರೀ ಎಸ್. ಶರಣಗೌಡ.—ಪ್ರತಿ ಗ್ರಾಮಕ್ಕೂ ಗೋಮಾಳದ ಬಗ್ಗೆ ಬಿಡಬೇಕಾದ ಪರ್ಸೆಂಟೇಜ್ ಆಫ್ ಲ್ಯಾಂಡ್ ಏನು ?

ಶ್ರೀ ಬಿ. ಡಿ. ಜತ್ತಿ.—ವಿರೋಧ ಪಕ್ಷದ ಅಧ್ಯಕ್ಷರು ಲ್ಯಾಂಡ್ ರೆವಿನ್ಯೂ ಕೋಡ್ ಮತ್ತು ರೂಲ್ಸ್‌ಗಳನ್ನು ನೋಡಬೇಕೆಂದು ಹೇಳುತಿದ್ದಾರೆ (ನಗು).

ಶ್ರೀ ಎಸ್. ಶರಣಗೌಡ.—ನನಗೂ ಆ ಕೊಡುಗಳನ್ನೆಲ್ಲಾ ಓದುವುದು ಬರುತ್ತೆ. ಆ ವಿಚಾರವನ್ನು ಕೇಳಿಲ್ಲ. ಆದರೆ ಇತ್ತೀಚೆಗೆ ಅಲ್ಲಿ ಜಾನುವಾರು ಸೆಕನಸ್ ನಡೆನರಾಗಿದೆ. ಸರ್ಕಾರಿ ಅಧಿಕಾರಿಗಳು ತಮ್ಮ ಮನ ಬಂದತೆ 10 ಪರ್ಸೆಂಟ್ ; 5 ಪರ್ಸೆಂಟ್ ಎಂತ ಏನೇನೋ ಹೇಳುತ್ತಿದ್ದಾರೆ. ಜನರಿಗೆ ವೃಥಾ ನೋಟೀಸುಗಳನ್ನು ಕೊಟ್ಟು ಅವರನ್ನು ಗೊಂದಲಕ್ಕೆ ಸಿಕ್ಕಿಸಿದ್ದಾರೆ. The notices issued by the Revenue Officers there have created confusion among the local officers.

Sri B. D. JATTI.—It is specified in the Land Revenue Code. Sir, local officers are not at all confused. The acreage which is reserved for cattle differs from taluk to taluk and from district to district.

A.— Sri N. RACHAIAH (Minister for Agriculture and Social Welfare).—

(*b*) *Vide* statement to reply (*a*). It is possible to estimate the approximate quantity for the reasons given in the statement appended to reply (*a*).

* When there is stock of salt in the yards only a portion of the fish landed is brought to the yards for curing, according to the convenience of the curers. A greater part of the fish is cured outside the yards because the curers can obtain salt on credit and cure the fish in their own premises and in their own way. Even in the case of curers who resort to the yards they cure the fish outside when it suits them. Under these circumstances, it is not possible to estimate how much salt might have been consumed if there had been salt in the yards especially in view of the fact that after the first heavy demand for salt in October and part of November, there was a lull in the fishing and the demand for salt fell.

† The contract for the supply of salt to the fish curing yards was fixed by the Stores Purchase Committee in the last week of November 1960. On account of heavy rains and floods in Tuticorin area from where the supplies are made, no salt was available and even the salt pans in the factories were damaged as a result of which there was no manufacture of the required kind of salt.

Sri K. DOOMAPPA.—Sir, will the Government be pleased to give the present stock of salt ?

†Sri N. RACHAIAH.—That question does not arise, because this question partains to last year.

Sri K. DOOMAPPA.—Will the Government consider the question of supplying adequate salt this year ?

Sri N. RACHAIAH.—The Government will consider the question of upplying adequate salt to fishermen.

Sri K. DOOMAPPA.—In view of the delay involved in the S.P.C. is it not advisable to entrust the Director with the power of purchasing and supplying salt in the open market by inviting tenders ?

Sri N. RACHAIAH.—It is a suggestion which the Government will examine.

Sri RAMAKRISHNA HEGDE.—Sir, I find the Hon'ble Minister has furnished the information only with regard to the South Kanara fish curing yards, whereas the question pertains to the fish curing yards of West Coast. May I know why information is not furnished with regard to fish curing yards that are in North Kanara District ?

Sri N. RACHAIAH.—The question pertains to both North Kanara and South Kanara Districts. About 30 fish curing yards are in North Kanara and about an equal number are in South Kanara. The question is, which are the curing yards where there was no salt. In the case of North Kanara District, there was no such difficulty experienced by curers.

Sri RAMAKRISHNA HEGDE.—Was it not possible to transport some stock of salt from one curing yard if there was surplus to the other ?

Sri N. RACHAIAH.—That entire Yard arrangement had already been made. This was the difficulty where the supply from original stores was not possible.
